

## Safety boat familiarisation Saturday 14 March 2014 10am at the clubhouse

Can you remember what to do when you are on duty at the Sailing Club?

Can you remember how to contact the signal station?

How would you deal with a capsized dinghy?

So that all of our members are prepared for their duties this season a Safety boat familiarisation will take place on Saturday, 14 March at 10am in the clubhouse. The tide is such that we will be able to launch the safety boat so may have enough time to practice some manoeuvres on the water if anyone would like to. Please do come along to ensure that you are fully aware of what you need to do in the case of an emergency on the water. This will be followed by a bacon buttie so really its rude not to eh? Please could I ask you to let Sarah know if you will be attending so that enough bacon can be purchased!!!

Leon Ward is the Development Officer from the RYA and he will be visited the Sailing Club on Monday. We talked about all things Safety boat - his talk was both interesting, re-assuring and enlightening. I have made some

notes from the talk which can be found in the members section on the Website do have a look!

It was requested that minutes from each meeting be published in the members section of the website - this will be done monthly, so if you are not at a meeting you can keep in touch with what is going on at SSC!
